Check out the classified sections in local newspapers or the Times Colonist at:

<https://classifieds.timescolonist.com/>

Check out the bulletin boards on campus for rentals or post your own poster to the boards (get it approved in the CCSS office first, limit of 5 per campus). Another good way to find a house or roommate is to post your own add describing what you are looking for on the facebook and online classified pages. Make sure to include things like ideal price range, location and specific wants or needs for the ideal home and occupants. Include contact information and optimal times for making viewing arrangements. There may be other resources that we have missed, so please do your own research. Happy home hunting and good luck!
